ACTIVE STAFF

Consists of practitioners who utilize the Methodist/Methodist Women's as their primary treatment facility or demonstrate through actual practice patterns a major clinical affiliation with the hospital. The clinical privileges are provider specific and can be found under NMH Intranet:Departments:Medical Staff:Documents/Resources:Clinical Privileges.

COURTESY STAFF

Consists of practitioners who do not apply or qualify for Active Staff Status. Members of the Courtesy Staff can request clinical privileges to admit and attend inpatients and outpatients at NMH. The clinical privileges are provider specific and can be found under NMH Intranet:Departments:Medical Staff:Documents/Resources:Clinical Privileges.

AMBULATORY STAFF

The Ambulatory Staff consists of members who do not seek, or do not qualify for clinical privileges to treat inpatients.

The Ambulatory Staff may include members who provide services at NMH-affiliated outpatient facilities and clinics. *The primary purpose of the Ambulatory Staff category is to enable these members' patients access to NMH services by referral to members of the Active or Courtesy Staff, while allowing these members to provide follow-up care on an outpatient basis for unassigned patients presenting to the Emergency Department and providing additional physician alternatives for patients with outpatient needs* Ambulatory Staff members may visit their hospitalized patients, review their patients' medical records and document information (but not orders) in their patients' inpatient records. Ambulatory Staff members may not exercise any inpatient clinical privileges or outpatient surgical privileges, but may be engaged in non-surgical ambulatory care of outpatients in NMH's outpatient and diagnostic facilities.
